

MANITOWISH WATERS ROAD DEPARTMENT

July 2, 2019

JULY ROAD REPORT

The paving to our town roads have all been completed by the end of the month. Great job by PITLICK & WICK.

Prior to paving Marathon Rd. (back mile) and Mcilvain Rd. needed to be prepped for paving.

At this point patching of roads has been completed.

A list of prospective crack sealing candidates has been submitted.

The Powell (Marsh) Rd. culvert is being plugged up by beavers again. Traps have been placed in an attempt to corral them.

The #2 Patrol Truck (Western Star) was taken down to TRUCK COUNTRY in Minocqua rectify warranted recall work.

The old Rest Lake boat landing was blocked off (boulders) due to the fact motorists were still trying to use it.

During the Transfer Site's Clean Up Week, nine "Demo" dumpsters were filled up for the month. And there is still material to be loaded.
