

MANITOWISH WATERS ROAD DEPARTMENT

December 30, 2020

DECEMBER ROAD REPORT

A pretty slow start to the month for any snow accumulation. But by the Good Lord's Grace we were blessed with a White Christmas.

Well this is my last road report due to my upcoming retirement. It has been an honor to work for the Town of Manitowish Waters. I want to especially thank Tom Lentz and Mr. Hanson for making my tenure run smoothly. The Road Department has come a long way in the last twenty years and hopefully keeps progressing.

For the month we were finally able to get in three plowings.

Snowmobile crossing signs were put up on 12/4.

Due to the lack of snow we were able to put our Boom Arm Mower to the test. And it did admirably once we worked out the kinks of busted hydraulic problems.

Northway Communications has been contacted to correct the Town radio frequency range.

The dreaded overhanging tree by the Clear Lake bridge channel has finally been removed.

Josh's training has gone quite well. He should be up to speed soon.

On the #1 Patrol Truck the sander auger motor needed to be replaced due to leakage,

New platform steps were ordered for the Transfer Site's dumpsters and installed making it safer for proper disposal of items.

Metal stands were made up for the "temporary" Chamber sign.
